Update on Parcel E-2 Proposed Plan

Hunters Point Shipyard
May 26, 2011

Presentation Overview

- Overview of Draft Proposed Plan
- Schedule

Overview of Draft Proposed Plan

- Incorporated input from storyboard meeting on March 25
- Elected to retain certain terminology and details based on input from legal counsel
 - Used the term “remedial” instead of “cleanup”
 - Included a detailed summary of remediation goals and ARARs
 - Included an abbreviated ICs insert

Overview of Draft Proposed Plan

- Attempted to shorten and simplify wherever possible
 - The complexity of the site made this process difficult (lots of past history to summarize, many different contaminated media to describe, and several key technical issues to summarize)
 - In accordance with EPA guidance, a separate fact sheet will be prepared to summarize the key points of the Proposed Plan
 - This fact sheet will be submitted concurrent with Proposed Plan

Overview of Draft Proposed Plan

- Draft document consists of:
 - 14 pages of text
 - 8 tables and 19 figures/graphical inserts
 - 4-page glossary
 - 1-page IC summary
 - 4-page ARARs summary

Overview of Draft Proposed Plan

- Tables, figures, and graphical inserts are included as separate pages in the draft document
 - Used to streamline review and revision process
 - Same format to be used for 2nd review (draft final)
 - Tables, figures, and graphical inserts will be integrated into the document during final, pre-production formatting
